12/05/11 - very satisfied - resellerratings.com

*"I came across My Own Labels while trying to find a nice way to personalize my daughter's birthday favor/goodie cups. It was the perfect finishing touch. So many of the moms at the party asked me where I got the labels and I was more than happy to share the secret. Their shipping process was really quick as well. I ordered the labels on Friday and received them by the following Tuesday." -Kikicow*
